# **EDITOR**

The Standard office was honored Wednesday forenoon by a visit from the two Jack's from Cape Girardeau. Jack Hess and Jack Harty, both with the Southeast Missouri Telephone Co. We are always glad to see them.

Telegrams, letters and cards that Telegrams, letters and cards that that have come to us on our 70th anniversary were very pleasing to us, but reminded us of, perhaps, our unworthiness. However, we were made happy for the time being and thank God for the good health we are enjoying.

Jewell Mayes, of Jefferson City, sends us a clipping from the Richmond Missourian which reads:
"The militant yet peaceful editor of the Sikeston (Mo.) Standard, Charles L. Blanton, speaks out in meeting—and, unless you know him, you might misinterpret some of his delightful paragraphs, of which (in the opinion of The Missourian) the following is a clever example:" Then follows a paragraph from a late edition of the Standard.

is well for human peace of mind that the average human be-ing does not know how big the universe is, or how unimportant is this little grain of sand we call the earth. An old lady, with great care, picks out the spot where she wants to lie in the cemetery, because "there I shall know all people around me. In another part of the graveyard, I'd be among Near Tucson, Ariz. Dr. Byron Cummings of the University of Arizona archeology department, finds "apartment houses" 600 years old, built by Hopi Indians that buried very young children under the floor of their dwelling, so that the baby spirits could be near their mothers. The Hopis still continue that custom.—Arthur

It must be the devil that gets people to make them mean enough to annoy and hurt others. Thursday morning a mother came to the office and told us of the annoyances that she was through by talk made by to hurt her. This mother have people throw it up to her and say it was her fault in raising the boy, is more than she can stand. The next state to vote is Virginia, on October 3. Florida votes the fault of parents.

The fault of parents.

The people throw it up to her and say it was her fault in raising the constitution in December.

The next state to vote is Virginia, on October 3. Florida votes on October 10 and six more—North and South Carolina, Ohio, Kentucky. Pennsylvania and Utah on the state's 785 precincts. The state only method to raise money to pay only method to raise method

Tonight East Prairie comes to Sikeston with the fixed intention of defeating our Bull Dogs on the High School football field. Our we do not know. The price is small, the field is as light as day, and your presence will encourage both teams to fight hard, and your money will help the athletic fund.

for publication, without signing five home games this season all same, must have wanted the editor but the Turkey day game will be vantage and there is no reason why killed, as the note was after a played under the lights. The boys they should not have it.

The probable starting lineup is have a full ten game schedule this have a full ten game schedule this have a full ten game schedule this control of the public when the emergency relief workers are discharged.

Men located at Sam A. Baker and the public when the public after another man's wife.

Our neighboring city of Chaf-fee is all stewed up over the action of the highway depart-ment over the building of a farm-to-market road from Chaffee to New Hamburg. Chaffee, like dozens of other towns in Southeast Missouri, feel that they have a kick coming and their committee certainly told Mr. Towse a mouthful when he met with them to discuss the road situation. The trouble with the farm-to-market roads appears to be that they don't run into Sikeston.—Illmo Jimplicute.

It was an unkind cut the Illme Jimplicute took at Sikeston because farm-to-market roads are not built in that end of the county as fast as desired. There is not a single farm-to-market road within several miles of Sikeston and in several miles of Sikeston and not one leading into this city. The last piece of concrete road built in Southeast Missouri on Highway 61 was from Sikeston to Benton. The spurs into Sikeston to Benton. The spurs into Sikeston was, and is to be, built out of special road district funds. Sorry Chaffee hasn't been treated better but Sikeston is not responsible. It maybe engineers in Division 10, and it maybe from Jefferson City.

account of Ralph Anderson's court-ship of his stenographer was read. Swallows, was secured and presented to Miss Burch and Miss Herring, the English teachers. Everyone present had a most enjoyable evening.

Hollingsworth New Scott Red Cross Chairman

To make every code of the NRA fit and prove satisfactory is going to take a lot more than patriotism. We were talking about the printerpublisher code and the cotton mill code and remarked the manufacturer could pass the increase cost of production on to the consumer, but the printer-publisher would have a hard time to pass the increased cost along as some people thought it a charity act to help the newspaper and could do without printing, while, at times, every well regulated family needed diaponous modern and could do without printing, while, at times, every well regulated family needed diaponous modern and could do without printing, while, at times, every well regulated family needed diaponous modern and could do without printing, while, at times, every well regulated family needed diaponous modern and could be quite able to handle the position.

In asking Mr. Supervise the roll call in Sikeston. Officers and others interested in Red Cross work have been invited to attend the Regional Conference to be held at the Hotel Coronado at St. Louis on October 2nd.

IMPROVEMENT ITEM The Malone Theatre this week has installed a new screen that is larger than the old one and is farther back on the stage. The orchestra pit has been taken out be at Cape Girardeau, Tuesday, Indian Trail Park in Dent county; and the seats have been run down september 26th under the sponsor- 400 in Roaring River State Park farther toward the stage.

#### GIDDUP MULE JUST SONG OF POVERTY

Washington, Sept. 17.—
The cotton currency inflation conference here today brought forth a story of the troubles of the negro tenants at pre-sent cotton prices, from Judge S. F. Hobbs, Selma,

"A negro in my county, with his family," Hobbs said, "raised six bales of cotton this year, and after he had paid off his debts to his landlord, including that for food and fertilizer, had \$1.50 left. "The negro shook the dollar and a half in his hand and lookd at it several minutes, and said: 'Dat's all I get fur a year's work. The next time I says giddup to a mule he'll be asettin' in my lap'."

# OCTANE without paying a premium

Here is anti-knock quality unsurpassed by any other regular briced gasoline!

When Phillips, world's largest producer of natural high gravity gasoline, says that . . . then certainly it is exciting news. And the way to find out just what this means to your motor and your pocketbook is to try one tankful.

Switch to Phillips 66 for just one week. Feel the difference on hills or straightaway . . . in traffic or on cross-country highway. Your car will click off the miles with new knockless ease. You will be proud of the improvement in the pep and power of your motor-grateful for those extra miles in every gallon.

Remember, Phillips 66 is the motor fuel used in

the famous "Golden Ford Economy Runs" throughout the middle west, which showed an official average of 19.4 miles per gallon—not in the four cylinder car, but in the V-type eight cylinder motor.

This is the kind of economy and performance which millions of car owners regularly get with this amazing gasoline. Every time they Phill-up with Phillips, they know exactly how high the "test" is, how much anti-knock value they are getting . . . because Phillips always prints definite figures in place of indefinite claims.

Our anti-knock rating is 70 octane. Our gravity figures this month range from 62.1° to 67.9°. That's why you quickly feel the difference, when you stop for gas at the Orange and Black 66 shield.

#### Here Is The Way To Make 50c Buy Food For An Entire Day

Professor Mary S. Rose, Famous Nutrition Expert, Shows How Single Persons Can Live Economically

This is the first of six articles on proper economy diet, of especial interest to single persons.

By Dr. Mary S. Rose Professor of Nutrition, Columbia University

Can a student, office worker or factory worker, eating one meal a day in a restaurant or cafeteria, spend as little as 50 cents a day for food and maintain health and strength?

This question was recently put up to me by students of Columbia University. After we had surveyed the prices charged for foods in stores, restaurants, cafeterias and lunch counters, we were able to answer that it could be done. Sample menus, containing all the foods necessary to health, have been prepared to show how, by fol-lowing them, you can live healthfully on 50 cents a day practically anywhere in the United States; in ome places for a little less.

Of course, these are emergency rations. We have not advised any foods only because of appealing flavor or tastiness. When you are down to 50 cents a day there is a grave question as to how much you can spend just for flavor satisfaction. Our menus include, for example, a minimum of meat. Meat

that anyone live on this budget un-less it is absolutely necessary. I would like to have people enjoy the pleasures of the table if they can. But the point is that many people today, including students, office workers and others, have to live on 50 cents a day or less, and it is to their advantage to know food val-

#### A Healthful Diet

The menus for the 50-cents a health will not suffer. As a matguarantee. W. E. Derris, Druggist.

Ronald Colman in a dual role
that will give you a double measure of enjoyment. The Masquerader, Malone Theatre, Sunday and
Monday.

health will not suffer. As a matter of fact, you may feel better
than on your present diet. Many
people who spend several times 50
cents a day for food ar improperly
and inadequately nourished, because they do not know what to eat
for health.

#### A Day's Meals for 50 Cents

Breakfast in Room MAN 1/4 loaf whole wheat bread ...... (sliced) banana (possibly two WOMAN

shredded wheat biscuit .... orange Luncheon in Cafeteria

MAN 1 glass milk ......... Fruit from stand ...

Vegetable soup and crackers ..... 1 glass milk ...

MAN pt. milk (rest of day's milk) /4 lb. graham crackers pkg. raisins

pt. milk, flavored with chocelate syrup ....... 1/4 loaf white bread banana (possibly two)

Before Retiring: 1 tsp. cod liver oil

is a fine and useful food, but it is not absolutely necessary to health, and on a 50 cents a day budget it becomes a luxury.

I certainly would not suggest that anyone live on this budget unless it is absolutely necessary. I

These menus, as you will see These menus, as you will see, are somewhat different for women than men. We have found that women usually need less food than men, and that they like different things. Also, women usually eat their noon meal at lunch counters and similar places, whereas mer are willing to go to the least expensive restaurants and cafeterias. day budget are healthful menus.
You can live on them indefinitely,
see in the bushesses and cafeterias.
The menus require that only one safe in the knowledge that your fast and supper can be taken in the room.

TO OUR CUSTOMERS:

\$580,000 annually.

member of the Legislature from Scott county, was a business visitor in Sikeston Tuesday and honored The Standard with a visit. He was asked to give his views on the prospective extra session of the Legislature which follows:

"It now appears certain that Governor Park will be forced to call a special session of the Legislature within the next few days. At this session, which should be ended as rapidly as the business that must be transacted can be given proper attention, there will likely be the matter of repealing the State prohibition laws, specificially known as the McCauley flaw, making available money for relief work to match federal funds, enabling building and loan associations to accept the bond issued by the Federal Home Owners Loan Corporation, and a sales tax proposed.

"The many plans for liquor control which have been submitted to the State prohibition for supplementations to accept the bond issued by the Federal Home Owners Loan Corporation, and a sales tax proposed.

"The many plans for liquor control which have been submitted to the governor's special committee to the state and proteins. If we do not get them in our foods, the Governor's special committee the proposed.

"The many plans for liquor control which have been submitted to the product of the governor's special committee that may be permanently important that the same amount that will be collected in the sales tax which the reduced the sales tax will be collected in the same amount that will be collected in the sales tax will be collected in the sales tax will be collected in the State and personal property tax. I am unalterably opposed to any form of sales tax which the retail meritant mental that the same amount that will be control which we may be sales tax with the collection. It is possible to leave the table after each meal fully satisfied, and title leave the time the same and personal that the same amount

#### Safe Reducing Diets Include Plenty of "Protective Foods"

besides those which supply energy.
These other substances are vitamins, minerals and proteins. If we do not get them in our foods,

Fruits, Milk, Vegetables Are Health Essential, Says N. Y. Health Commissioner

This is the second of a series of articles on weight control by Dr. Wynne.

#### SLIMMING DIET

Here is the second of a series of suggested weight reducing diets prepared for this paper by Dr. Wynne. Each diet provides about 1200 calories daily. Calculate your calories as shown in the first article of this series, and adjust the diet to your needs by taking smaller or larger portions of the food indicated in plain type. Do not change the plain type. Do not change the quantities of the foods in bold-face type. These are the pro-tective foods, and must be taken as indicated.

#### RIDES, THRILLS, SHOWS FROM FAR-OFF LANDS MAKE GIANT CARNIVAL OF WORLD'S FAIR MIDWAY

You haven't seen the World's around the vertical walls of a mo-Fair until you've seen-

The Midway! A collection of all the most spectacular amusements of the globe is this international exposition of thrills and frolic, set right in the heart of Chicago's A Century of Progress Exposition.

#### Old World and New.

"What you see on the outside is nothing to what you see on the inside!" is the cry of the barkers, and wide-eyed youngsters gape no more widely than their elders. City dwellers rub elbows in equal enjoyment with their neighbors from

Paris, at the start of the Midway, as the visitor approaches it from the north, draws continual swarms of the milling thousands into its gay cabarets, foaming bars and peep shows. Across the street is the Moroccan Village, where "Little Morocco" dances her dance of the seven veils to the beat of African drums, where sand-diviners and street fakirs bring Algiers to the shores of Lake Michigan.

Cathedral spires and cobblestone terraces of "Picturesque Belgium" rise from a hillside, inviting the sightseer to the market square folk dances of the Old World; here are faithful reproductions of scores of beautiful buildings, many erected as long ago as the 13th century. Nearby an exhibition of real bables being kept alive by scientific incu-bators returns the visitor to the

**Auspices Knights of Columbus** 

ust by the bank, shows that time received, it is carefully checked for Nine per cent of the loans were elapsing between the day when the errors and omissions. It is also closed in less than 40 days, an avapplication was received until the studied to determine whether or erage of 33.7 days. Of this time, 9 Per Cent Made in Less Than 40 borrower was sent the check for not a loan seems probable. If a the farmers took 12.7 days or 38

with the appraiser's report is then returned to the bank. After a study of the application and appraisal report, land bank officials decide how large a loan, if any, can be made to this individual farmer.

Although the security has now here to complete the loans." Agent turns these, the check for his loan in helping us get the loans to them is mailed.

is mailed.

The appraisal force of the land bank, until recently, has been inadequate to handle the applications as fast as they came in. This has resulted in applications piling up awaiting appraisal. But in spite of this, only 21.8 of the 57.5 days were required by the appraisal division to check the applications, appraise the farms, and return the applications and appraisal reports to the land bank officials for determining the amount of the loan. Approving the loans and abstracts, ad the other work done by the land bank took 8.3 days.

On the other hand, 27.4 days were required by the farmer to obtain his completed abstract and to return the mortgage mapers.

We would be the shortest possible time."

Herbert Mundin, popular comedian and character actor, recently celebrated the renewal of his contract with Fox Film by taking a week's vacation sight-seeing about the state in a new car before plunging into his role in "Shanghai Madness." His part in this Spencer Tracy starring picture at the Malone Theatre, Saturday, is nis sixteenth since signing with Fox less than two years ago. Fay Wray, Ralph Morgan, Eugene Pallette and Reginald Mason also have feature roles in this production.

REPEAL VOTE IN 29 STATES WILL BE QUESTIONED

return the mortgage napers.

Farmers Cause Much of Delay

Days

Approximately two months are required to complete a Federal Land Bank loan, according to Wood Netherland, agent for the Farm Credit Administration. A study of loans made during July and Aug
borrower was sent the cneck for the cneck for a part of the loan, averaged 57.5 days. This does not mean each loan takes extactly this much time, for a part of actly the farmers took 12.7 days or 38 per cent. Of the farmers took 12.7 days or 38 per cent. Of the farmers took 12.7 days or 38 per cent. Of the farmers took 12.7 days or 38 per cent. Of the farmers took 12.7 days or 38 per cent. Of the farmers took 12.7 days or 38 per cent. Of the farmers took 12.7 days or 38 per cent. Of the farmers took 12.7 days or 32 per cent. Of the farmers took 1

Although the security has now been to complete the loans," Agent approved, it is far from being Netherland explains. "The apcompleted. The applicant must praisal force is now making ap-now send in the completed abstract praisals faster than applications for his farm. If the land bank at- are being received. The land bank, torneys approve the farmer's title however, does not control the time to his land, the mortgage papers taken by the farmers to send in are then sent to the farmer to be abstracts and return mortgage papers.

GOODYEAR

PATHFINDER

This big husky Pathfinder will turn out mileage on the wheels of your car—this year it is averaging 27% more mileage than a year ago... Here's another thing you want—Safety. Every ply in the Goodyear Pathfinder is built of Supertwist Cord and what's more—every ply runs from bead to bead. That's real blowout protection. And talking about Traction—you get it in the Pathfinder Tire—in the center of the tread—which means surer grip and quicker stops... Economy—look at our prices, they'll have to talk for themselves. Our recommendation is—buy this Goodyear Pathfinder.

Wednesday forenoon by a from the two Jack's from Girardeau. Jack Hess and Jack Harty, both with the Southeast Missouri Telephone Co. We are Missouri Telephone Co. always glad to see them.

Telegrams, letters and cards that that have come to us on our 70th anniversary were very pleasing to us, but reminded us of, perhaps, our unworthiness. However, we were made happy for the time being and thank God for the good health we are enjoying.

Jewell Mayes, of Jefferson City, sends us a clipping from the Rich-Missourian which reads: "The militant yet peaceful editor of the Sikeston (Mo.) Standard, Charles L. Blanton, speaks out in meeting-and, unless you know him, you might misinterpret some of his delightful paragraphs, of which (in the opinion of The Mis-sourian) the following is a clever example:" Then follows a paragraph from a late edition of the Standard.

is well for human peace of mind that the average human be ing does not know how big the universe is, or how unimportant i this little grain of sand we call the earth. An old lady, with great care, picks out the spot where she wants to lie in the cemetery, because "there I shall know all people around me. In another part of the graveyard, I'd be among Near Tucson, Ariz. strangers." Dr. Byron Cummings of the University of Arizona archeology department, finds "apartment houses 600 years old, built by Hopi Indi ans that buried very young child ren under the floor of their dwell ing, so that the baby spirits could be near their mothers. The Hopis still continue that custom .- Arthur

It must be the devil that gets into people to make them mean and low enough to annoy and hurt others. Thursday morning a 21st amendment, which would Returns from 568 of Idaho's 819 mother came to the office and told strike the 18th from the constituus of the annoyances that she was going through by talk made by people to hurt her. This mother was already heart sore from the promotionists three states between now and Nov. 7th and still have people throw it up to her and say it was her fault in raising the promotionists three states between now and Nov. 7th and still they have an opportunity to pass they have an opportunity to pass they have national prohibition out of the cotton processing tax.

Little B. Office of the say it was her fault in raising the boy, is more than she can stand. the fault of parents.

Tonight East Prairie comes Sikeston with the fixed intention of defeating our Bull Dogs on the High School football field. Our boys are going to try to eat 'em Few of our tired business men attend these football games, why, we do not know. The price is small, the field is as light as day, and your presence will encourage both teams to fight hard, and your money will help the athletic fund.

The party who sent an anonyfor publication, without signing same, must have wanted the editor killed, as the note was after a married farmer who was running after another man's wife.

Our neighboring city of Chaffee is all stewed up over the action of the highway department over the building of a farm-to-market road from Chaffee to New Hamburg. Chaffee, like dozens of other towns in Southeast Missouri, feel that they have a kick coming and their committee certainly told Mr. Towse a mouthful when he met with them to discuss the road situ-ation. The trouble with the farm-to-market roads appears to be that they don't run into Sikeston.-Ilkno Jimplicute.

It was an unkind cut the Illmo Jimplicute took at Sikeston be cause farm-to-market roads are not built in that end of the county as fast as desired. There is not a single farm-to-market road within several miles of Sikeston and not one leading into this city. The last piece of concrete road built in Southeast Missouri on Highway 61 was from Sikeston to Benton. The spurs into Sikeston was, and is to be, built out of special road district funds. Sorry Chaffee hasn't been treated better but Sikeston as not responsible. It maybe en-gineers in Division 10, and it maybe from Jefferson City.

To make every code of the NRA fit and prove satisfactory is going to take a lot more than patriotism. We were talking about the printerpublisher code and the cotton mill code and remarked the manufacturer could pass the increase cost of production on to the consumer but the printer-publisher would have a hard time to pass the increased cost along as some people ter stated that he was well qualito attend the Regional Conference thought it a charity act to help fied and would be quite able to be held at the Hotel Coronado the newspaper and could do with-handle the position. out printing, while, at times, every well regulated family needed diap-

#### GIDDUP MULE JUST SONG OF POVERTY

Washington, Sept. 17.— The cotton currency inflation onference here today brought forth a story of the troubles of the negro tenants at present cotton prices, from Judge S. F. Hobbs, Selma,

Ala.

"A negro in my county, with his family," Hobbs said, "raised six bales of cotton this year, and after he had paid off his debts to his landlord, including that for food and fertilizer, had \$1.50 left. "The negro shook the dollar and a half in his hand and lookd at it several minutes, and said: 'Dat's all I get fur a year's work. The next time I says giddup to a mule he'll be asettin' in my lap'."

Beginning October 1st and there-

without paying a premium Here is anti-knock quality unsurpassed by any the famous "Golden Ford Economy Runs" throughother regular priced gasoline! out the middle west, which showed an official aver-When Phillips, world's largest producer of natage of 19.4 miles per gallon—not in the four cylin-

ural high gravity gasoline, says that . . . then certainly it is exciting news. And the way to find out just what this means to your motor and your pocketbook is to try one tankful.

Switch to Phillips 66 for just one week. Feel the difference on hills or straightaway . . . in traffic or on cross-country highway. Your car will click off the miles with new knockless ease. You will be proud of the improvement in the pep and power of your motor-grateful for those extra miles in every gallon.

Remember, Phillips 66 is the motor fuel used in

der car, but in the V-type eight cylinder motor.

This is the kind of economy and performance which millions of car owners regularly get with this amazing gasoline. Every time they Phill-up with Phillips, they know exactly how high the "test" is, how much anti-knock value they are getting . . . because Phillips always prints definite figures in place of indefinite claims.

Our anti-knock rating is 70 octane. Our gravity figures this month range from 62.1° to 67.9°. That's why you quickly feel the difference, when you stop for gas at the Orange and Black 66 shield.

Professor Mary S. Rose, Famous Nutrition Expert, Shows How Single Persons Can Live Economically

proper economy diet, of especial in terest to single persons. By Dr. Mary S. Rose

This is the first of six articles on

Professor of Nutrition, Columbia University

Can a student, office worker or factory worker, eating one meal a day in a restaurant or cafeteria, spend as little as 50 cents a day for food and maintain health and strength?

This question was recently put up to me by students of Columbia University. After we had surveyed the prices charged for foods in stores, restaurants, cafeterias and lunch counters, we were able to answer that it could be done. Sample menus, containing all the foods necessary to health, have been prepared to show how, by following them, you can live health-AT CHARLESTON, MONDAY fully on 50 cents a day practically anywhere in the United States; in some places for a little less.

#### Learn Food Values

Of course, these are emergency rations. We have not advised any foods only because of appealing flavor or tastiness. When you are down to 50 cents a day there is a grave question as to how much you can spend just for flavor satisfaction. Our menus include, for example, a minimum of meat. Meat is a fine and useful food, but it is not absolutely necessary to health, sential for health and strength, and on a 50 cents a day budget it although they look so simple. At becomes a luxury.

I certainly would not suggest that anyone live on this budget un-less it is absolutely necessary. I would like to have people enjoy the pleasures of the table if they can. But the point is that many people today, including students, office than men. We have found that workers and others, have to live on 50 cents a day or less, and it is to their advantage to know food values.

We have found that women usually need less food than men, and that they like different things. Also, women usually eat their room of the state of the stat

#### A Healthful Diet

The menus for the 50-cents a day budget are healthful menus.

#### Munger's Views On Prospective Extra Session

or in Sikeston Tuesday and honor- personal property is reduced ed The Standard with a visit. He the same amount that will be colwas asked to give his views on the lected by the sales tax method. In prospective extra session of the other words, if a sales tax will

prospective extra session of the Legislature which follows:

"It now appears certain that Governor Park will be forced to call a special session of the Legislature within the next few days. At this session, which should be ended as rapidly as the business that must be transacted can be given proper attention, there will likely be the matter of repealing the State prohibition laws, specificially known as the McCauley law, making available money for laws as the legislature within the next few days.

Other words, if a sales tax will produce \$10,000,000 per annum to the State and personal property tax should be reduced by a similar amount, if the sales tax is to be continued. However, at this time it may be found necessary, and I think it will, to initiate a sales tax for the time being in addition to our real estate and personal property tax. I am unalterably opposed to any form of sales tax which the retail mersual laws are measures of the encapture of sales tax which the retail mersual laws are measures of the encapture of the words, if a sales tax will lows will be commissioner of Health, New York City

It is possible to leave the table after each meal fully satisfied, and personal property tax. I am unalterably opposed to any form of sales tax which the retail mersual laws are measures of the encapture of the words, if a sales tax will produce \$10,000,000 per annum to the State and personal property tax should be reduced by a similar amount, if the sales tax is to be continued. However, at this time it may be found necessary, and I think it will, to initiate a sales tax for the time after each meal fully satisfied, and personal property tax. I am unalterably opposed to any form of sales tax which the retail mersual laws are the same time keeping the calories down. Calories are measures of the encapture of the sales tax will produce \$10,000,000 per annum to the sales tax will produce \$10,000,000 per annum to the sales tax will produce \$10,000,000 per annum to the sales tax will produce \$10,000,000 per annum to the Federal Home Owners Loan personally, and not from the re-Corporation, and a sales tax pro-

besides those which supply energy. These other substances are vitamins, minerals and proteins. If we do not get them in our foods, health may be permanently im-

Include Protective Foods

All diets, whether for reducing or gaining weight, or only for 'holding your own," must include the "protective foods"-if we are to keep well these include from a pint to a quart of milk a day, at least two plentiful salads of fresh, uncooked leafy vegetables, and some fruit or fruit juices. These three foods, or classes of foods, together with sunshine, provide all the vitamins and minerals necessary. They also provide some protein and carbohydrate. Many reducing diets are harmful because they lack these all-important food elements.

You will notice that these foods, in the typical reducing diets accom-

Fruits, Milk, Vegetables Are Health Essential, Says N. Y. Health Commissioner

no matter how much you add or subtract in the res. of the diet to make it fit for your calory requirements. Whether you are following this diet or not, be sure that your daily food contains at least a quart This is the second of a series of articles on weight control by Dr. tables, and some fruit.

#### SLIMMING DIET

Here is the second of a series of suggested weight reducing diets prepared for this paper by Dr. Wynne. Each diet provides about 1200 calories daily. Cal-culate your calories as shown in the first article of this series, and adjust the diet to your needs by taking smaller or larger por-tions of the food indicated in plain type. Do not change the quantities of the foods in boldface type. These are the pro-tective foods, and must be taken as indicated.

#### BREAKFAST

small glass tomato juice ..... 50 Breakfast cereal (1 :sp. sugar, 1/2 glass milk) Coffee (milk instead of cream, no sugar) .

LUNCH salad (3 tablespoons cottage cheese, 1/2 cup cole slaw, watercress) /2 slice bread, or 1/2 roll ...... cup fresh berries (1/4 glass

milk, no sugar) ....... glass of milk ... DINNER /2 cup unthickened cream of tomato soup ledium serving of filet of sole (with lemon) /2 cup spinach

/2 baked potato 4 cup fruit salad (1/2 tablespoon French dressing) ..... 100 ce tea (lemon, no sugar)

Don't try to reduce too fast. A quarter of a pound a day is

Alfred E. Smith says that no nation can endure long under well directed ridicule. Poor U. S. A. Will some one please explain that to George Bernard Shaw.

Don't ask me what young man got his nose red the other night. That might have been his gril friend's makeup.

Announcement has been made of the marriage of Miss Mary Cash, daughter of Mr. and Mrs. A. Cash of Lonoke, Ark., to Mr. Bert Steely of Charleston, son of Rev. and Mrs. D. E. Steely of Almyra, Ark., which was solemnized on September 10 at 11 o'clock a. m. at the Baptist church in Almyra, Ark., Rev. D. R. Steely officiating.

The entire squad is in fine shape and much pep has been displayed in practice. But one causalty has been reported, the breaking of Marion Wood's collar bone in practice the other day.

The Woman's Benefit Associa-

Modern Woodmen of America to be losing its prestige. Yes, I know you were going to tell that the return of beer did it. You're wrong the first time and the second too, you dope.

Prior to the ceremony, Misses Pauline Sebree and Mary King rendered the son "I Love You Truly" as a duet with Mrs. Roy Vise as a duet with Mrs. Roy Vise as a companist. Mrs. Vise also rendered the wedding march.

Interior to the church was artistically decorated in garden flowers and Wednesday of each week for the purpose of instructing the people in canning vegetables as a part of the program of relief work, has been a very busy place, some one thousand nine hundred and twenty-five (1925) cans having been filled.

Modern Woodmen of America meet first and third Wednesday of each week for the purpose of instructing the people in canning vegetables as a part of the program of relief work, has been a very busy place, some one thousand nine hundred and twenty-five (1925) cans having been filled. the purpose of instructing the people in canning vegetables as a part of the program of relief, work, has been a very busy place, some one thousand nine hundred and twenty-five (1925) cans having been filled.
